President's Radio Call

Bill Elliott

[Jan 2009]

Many thanks to Jack Kennedy for hosting our meeting at his house on Dec 8, 2008. It was good to see his Sonex project (see photos) and just visit over coffee and cookies. Thanks Jack and Lori!

Don't miss our annual banquet on Saturday, January 10 at Johnny's Butcher Shop BBQ, located on Route B, Jefferson City (shown at about 2604 Route B in Google Earth). From the intersection of Hwys 179 and 54 on the south side of Jefferson City, drive southeast on 179 for about 1.2 mi., turn left on Route B and drive ¼ mi. north. Look for the red barn-like building on the left as you drive up Route B. We will meet about 6:00 PM. Our programs committee has lined up a good speaker, David Bradley of Tig Air, Boonville. Bring your significant others and your checkbooks to renew your dues. We will have chapter awards and quite a bit of fun and visiting.

Our new hangar at Phillips Field near California, MO, is basically built (photo), and now we must build hangar doors, interior walls and wire the place. The four partners in the hangar are Lanny Crawford, Larry Crawford, Dale Carlson and Bill Elliott. We hope that by summer we can host a joint meeting of CalMO Flying Club, which owns the airfield, and EAA 429 out there. Our turf runway is 2600 ft. long and has almost no crosswind because it is in a sheltered valley. Many thanks to Chapter 429 members who volunteered to work on the hangar with us!

At our last meeting...

December 8th, 2008

The meeting in Jack Kennedy's garage started roughly about an hour after 7 o'clock. As one could expect, a bunch of wing nuts together surrounding an airplane in a garage are unlikely to quiet down and take care of a business meeting. Blake Lewis had nothing to report from the Young Eagles division of the chapter, but events planned in the spring are to be determined by local airport schedules. He said that he would talk to area airport managers to get the scoop on upcoming events; this turned into a discussion about a chapter sponsored fly-out. Bob Stewart, technical counselor, had nothing to report, and neither did flight advisor, Bob Lynch.

The main program, Jack's Sonex, was well received and the chapter appreciates it greatly for him to allow us into his home. He is close to being finished and expects to fly it in the spring. Great job, Jack, and happy flying!!

Honorary member Stan Merhoff introduced the newly formed organization Friends of the Airport. Friends of the Airport is a proactive group which wants to see the Jefferson City Memorial Airport flourish and live up to its full potential. Further information about this organization can be found by contacting

friendsoftheairport@gmail.com

Check out the chapter library located in the large conference room at the Jefferson City Memorial Airport!!

Upcoming events

Annual Banquet

When: January 10th, 2009 6 p.m.

Where: Johnny's Butcher Shop BBQ

How to get there: from highway 54 west, take Ellis Blvd Exit, left onto Ellis Blvd, right on route B.

OR

Take 179 south past highway 54, then left on route B.
